

TD3_Form 3 Declaration of Honour in relation to Pre-existing Rights

Mr/Ms _____(1), with ID number _____, in his/her capacity as _____(2) of the company _____(3), by virtue of the power of attorney granted before the Notary Public of _____, Mr/Ms _____, on ____ of ____ of _____, under number ____ of his/her official records.

HEREBY DECLARES

1. That, : (i) any pre-existing rights that may be relevant and significant that the Contractor (and/or any of their subcontractors) owns or is using or that they have access to the date of signature of the Framework Contract corresponding to or likely to correspond to the TurboWave PCP Project or any part of it and (ii) a list of the software necessary for the operation of the prototypes and the first test series to be developed during the PCP, specifying which software is proprietary code software are herein identified.
2. That, in the case of a patent, the patent number and the reason why the bidder has access to the ownership of the patent are indicated.
3. That the technology and/or know-how to be provided by the bidding company are identified
4. That rights of use and modification of the technologies provided are granted in favour of EVE and BiMEP (Biscay Marine Energy Platform).
5. That third-party licenses are identified along with their conditions and limitations.
6. That any background knowledge held by third parties, as well as any licences necessary for the performance of the R&D services, have been acquired from the relevant owners, and that the necessary variations to any pre-existing licence required to enable the contracting authority to use the background for all the uses provided for in this paragraph, insofar as it is provided with or forms part of the contract, have been made.
7. That the necessary third party licences will be issued to the contracting authority (and to BiMEP), free of charge and under the conditions set out in article 7 of the Framework Contract.
8. That he/she understands and agrees that any information contained herein which is untrue may lead to exclusion from the TurboWave PCP.
9. That he/she understands that they must duly inform the Contractor about the generation or change of pre-existing rights and sideground within fifteen (15) days following the generation or change and that the information regarding pre-existing and generated rights must be updated, where appropriate, with each proposal for subsequent phases of the TurboWave PCP project.
